FINALIST BEAUTIFUL BIZARRE MAGAZINE EMERGING ARTIST AWARD 2025

Statement

Victor Schegin's figures emanate ghostly qualities, each painting balanced on a tightrope between flesh and essence.

By juxtaposing realistically rendered details with areas of expressive abstraction, the artist reveals haunting beauty. He is not painting portraits; he's painting the echoes of feeling that linger in the space between us.
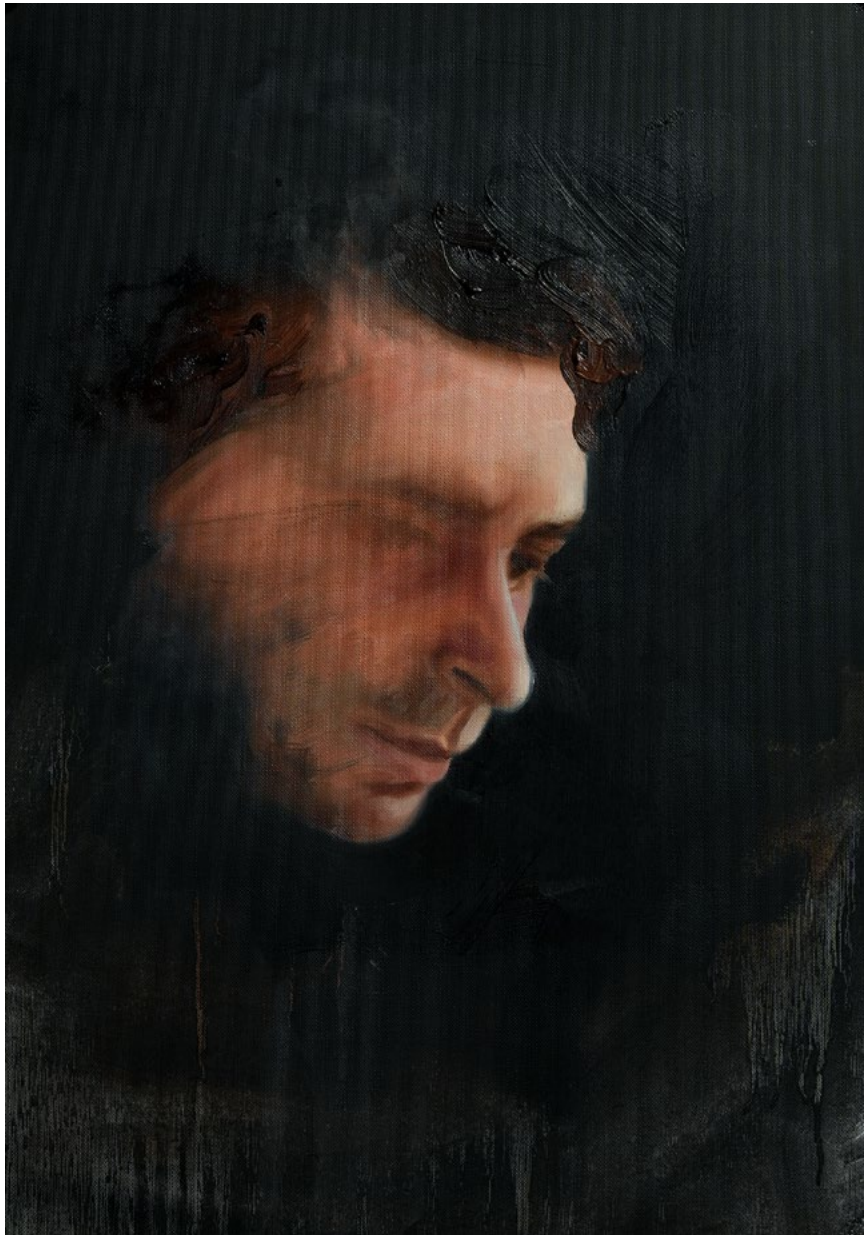

Through this interplay of form and feeling, his work opens a space for contemplation, a space where vulnerability, solitude, evanescence, and hope coexist.
